

## Two dimensional geometric shapes hunt

### *Instructions*

Color the circles Red

Color the hearts Green

Color big triangles Blue and small triangles Pink.

Color squares Yellow.

Color small rectangles Blue and big rectangle Brown.

Color the pentagon Black.

Color the trapezoid Purple.

Color the ovals Green.

Write the number of shapes inside the shapes given below. For example there are 13 circle, I have written 13 in the circle. You fill the number in each of the shape below by counting them above.
